

Now Hiring Tenure-Track Research Faculty

Department of Ophthalmology and Visual Sciences is seeking applicants for a full-time, tenure-track appointment at the rank of Assistant Professor. We are seeking candidates with interests in all aspects of ocular and visual system biology and disease using innovative approaches in basic or translational research. Candidates must hold a Ph.D. or M.D. degree and have relevant postdoctoral experience and a strong record of research accomplishments. The successful candidate will be expected to establish a vigorous, independently funded vision science research program. Competitive salary, generous start-up package and state of the art laboratory space will be provided.

The Department of Ophthalmology and Visual Sciences is a leader in grant funding from the NIH and private foundations. The Department has an extensive track record of support by NEI P30-core and T32-training grants and provides a stimulating intellectual environment that nurtures innovative research directions. Washington University has one of the best graduate and medical schools in the nation, with a rich and diverse research community, and is widely recognized for its interdepartmental collaborative environment. The successful candidate will have access to a large pool of talented students in interdisciplinary Ph.D. programs in the Division of Biology and Biomedical Sciences (DBBS) and the largest M.D./Ph.D. training program in the country.

The qualified applicant will demonstrate:

- An outstanding record of research accomplishments
- Exciting future basic and/or translational research plans
- Interest in engaging with the scientific community

Please upload the following materials to the job listing at <https://facultyopportunities.wustl.edu/> :

- Cover letter
- Curriculum vitae
- Research statement
- The contact information for three references

We will start reviewing applications on July 15th 2021.
